<p>Grievance submitted by M/s Iqbal& Company bearing diary No. 2457/LGH, Dated 1.3.2025</p> <p>Reference to your tech evaluation report we have following grievance</p> <p>T.#227-CVP LINE TRIPLE LUMEN ADULT WITH GUIDE WIRE 7FR</p> <p>Iqbal& Company grievance against M/sFlowtronix</p> <p>Although the company is declared as non-responsive on compulsory parameter But we would like to highlight few more points</p> <ol style="list-style-type: none"> 1. M/S Flowtronix is not the sole distributor for the quoted brand as this brand is being marketed by various companies in Pakistan 2. Secondly, the said company is also having numerous quality issues and is rejected at numerous hospitals because of the same so it is requested to keep the status as rejected. <p>Grievance Against M/S Cardiac Care</p> <p>Although the quoted item is already rejected but we want to re-emphasize that quoted item is not as per specification published which is direct violation of your bidding documents and is leading to an incomplete offer therefore should stand rejected</p> <p>Grievance Against M/S Allmed Solution</p> <p>Although the said company is rejected but we want to bring in notice point which is important that is</p> <p>1M/S Allmedhas quoted two lengths ie 15cm or 20cm hence has made a conditional offer which is against the bidding documents and rules. Furthermore, is bounding the institution whereas tender requirement is only of 7Fr without any intimation on lengths. Therefore, should be rejected.</p> <p>2. No experience in government sector and rejections in various government hospitals</p> <p>Therefore, it is requested to add below point in consideration as well and</p>	<p>TEC Result : T.# 227</p> <p>M/s Flowtronix Non Responsive Rejected by end user (needle loose ,stopper poor fixation, guide wire insertion in needle not smooth may damage vessel)</p> <p>T.# 227 M/s Cardiac Care Non Responsive Rejected By end user (Not as per specification)</p> <p>T.# 227 M/s Allmed Solutions Non Responsive Rejected by end user (needle syringe attachment loose causing leakage, Guid wire not smooth through needle)</p>	<p>Mr. Tariq (Business Manager) attended the meeting on behalf of M/S Iqbal& Company to describe the matter of grievance against M/S Allmed Solutions, M/S Flowtronix and M/S Cardiac Care for quoted item 227.</p> <p>The matter was evaluated and is found all these firms are already been rejected for said items.</p> <p>M/S Flowtronix is the importer of this item (<i>this item is registered on their name</i>) which is allowed to participate. M/S Allmed Solutions is also declared Non Responsive on quality issues. However their technical offer states the same 7 fr specification as per advertised in re tender 3. However mentioned lengths against same Fr could only be declared as double offer after opening of financial bid that can't be revealed as it is declared Non Responsive and the relevant product's experience was checked and complies the criteria.</p> <p>Hence their grievance against M/S Flowtronix on above mentioned point and against M/S Allmed Solutions is rejected. However bid of these firms remained Non Responsive as per TEC decision.</p> <p>M/S Cardiac Care is already declared Non Responsive for same reason as described in grievance. Hence status of this firm of being Non Responsive will be sustained.</p>

<p>keep status as rejected. Your kind action is requested</p>	<p>Grievance submitted by M/S Searle Company bearing diary NO.2520 Dated By 4.3.2025</p>	<p>Grievance Against the M/s Eastern Medical PVT.LTD (quoted products of M/S Eastern are non responsive at T.E #228,229,230,231 as difference in quoted brand name in FSC and rejected by enduser).</p>
<p>We The Searle Company Limited has participated in tender of Surgical disposables FY 2024-25 in your esteemed hospital. After publishing of Technical evaluation report we, formally raise a grievance regarding the Free Sales Certificate issued to M/s Eastern Medical Pvt. Ltd. for their quoted item i.e. Surgical gloves in the tender process at Lahore General Hospital. This matter is being brought to your attention in reference to SRO 224(1)/2023, dated 27th SEARVY 2023, which outlines the regulatory requirements for the issuance and validation of Free Sales Certificates. It has come to our attention that the Free Sales Certificate submitted by M/s Eastern Medical Pvt. Ltd. does not comply with the stipulated regulatory provisions, particularly concerning the same brand name of the quoted item as indicated in the certificate. The certificate must explicitly mention the brand name as quoted in the tender to ensure transparency and compliance with procurement regulations. Any discrepancies in brand naming can mislead the procurement process and create an unfair advantage in the competition. Furthermore, we request a thorough review of the Free Sales Certificate provided by M/s Eastern Medical Pvt. td. to verify its authenticity and compliance with SRO 224(1)/2023, dated 27th February 2023 guidelines. We trust that your esteemed office will take this grievance seriously and conduct the necessary due diligence to uphold fair procurement practices. Given the significant brand name discrepancy in the Free Sales Certificate, we urge immediate rejection of the non-compliant bid to maintain fairness and adherence to procurement regulations. We look forward to your prompt response and resolution of this matter.</p>	<p>TEC Results T.E# 222</p>	<p>Mr. Ahmad Iqbal (Sales Manager) attended the meeting on behalf of M/S Searle company to describe the grievance against M/S Eastern Medical Care. The GRC scrutinized the issue. Quoted brand name is mentioned on Free sale Certificate submitted by M/S Eastern Medical Care along with the name of manufacturer. Other issue is of minor nature. After due deliberation and discussion, committee unanimously decided to declare the bid of M/S Eastern as RESPONSIVE for their quoted items at T.E 228,229,230 and 231. Hence the grievance is Rejected.</p>
<p>Grievance submitted By M/s Techzone Bearing Diary NO.2519 Dated By 3.3.2025:</p>	<p>Dr. M. Qasim Farooq MBBS, FCP (Surg) Senior Registrar Surgical Unit-III PGMI/AMC LGH</p>	<p>Mr. Amjad (Zonal Sales Manager)</p>

<p>It is with reference to the Technical Evaluation report (copy attached Annex 1) of Surgical Disposable(FY 2024-25) of your institution and to apprise that we are aggrieved by the Technical Evaluation report on the following grounds.</p> <p>1) For Sr. No. 222 se. Endo tracheal without cuff, our quoted product "Weracon" has been rejected by the end-user despite the fact that it is a CE Marked quality product duly registered with DRAP</p> <p>2) At the same time MS Popular International who quoted Shiley brand has been declared responsive however it does not have the Free sales certificate for its Shiley/Curity brand with ambiguous origin. It is therefore requested to look into the above and redress our grievances.</p>	<p>M/s Techzone Non Responsive Rejected by end user (Pilot Balloon Cuff inflation leakage, Tip material Hard may cause Trauma</p> <p>T.E# 222 M/s Popular International Responsive</p>	<p>attended the meeting on behalf of M/S Techzone to explain his grievance against M/S Popular International and about their quoted item T.E 222. The committee scrutinized the matter and the evaluation report of the quoted item ETT was checked. Free sale Certificate of M/S Popular International for the said item is found to bear the brand name. As far as their quoted ETT is concerned , since this item is meant to be used in critically cared patients so quality has to be up to the mark. After due deliberation and discussion, committee decided to UPHOLD the decision of Technical Evaluation Committee. Hence the grievance is REJECTED.</p>
<p>Grievance Submitted By M/s Sind Medical Stores Bearing Diary NO.2472 Dated By 1.3.2025</p> <p>This is in reference to our bid submitted in the subject tender, it has been noted with great concern that our quoted sutures, manufactured by Demetech Corporation-USA have been declared non-responsive assigning the reason of "Poor Knot Stability Weak tensile strength" by end user committee, despite that our sutures are US FDA-approved and manufactured in USA, strictly following USP standards and are exported worldwide.</p> <p>Furthermore, the same quoted Sutures have been supplied in your prestigious institute for the terms 2021-22 & 2023-24 (copies of Award Letters and POs are attached herewith) and used without any single complaint, moreover, they have a rich history across Pakistan being supplied in almost all major institutes and used successfully in PINS-Lahore, Bahawalpur Victoria Hospital-Bahawalpur, lady Reading Hospital-Peshawar, MCC KPK institutes and in different DHAs of Punjab as well as</p>	<p>TEC Results of M/s Sind Medical Stores T.E# 234,236,237,238</p> <p>Non Responsive Rejected by end user (poor knot stability weak tensile strength)</p>	<p>Mr. Shafiqat (Regional Sales Manager) attended the meeting on behalf of M/S SMS to explain his grievance. The committee scrutinized the matter in detail and their items at TE 234,236,237 and 238 were re-evaluated. These were found satisfactory. After due deliberation and discussion, committee unanimously decided to declare the bid of M/S Sind Medical Stores as RESPONSIVE for their quoted items at T.E 234,236,237 and 238. Hence the grievance is ACCEPTED.</p>

<p>CMHS. Award Letters/PO from the above institutes can be furnished if required.</p> <p>Further, we would like to say that "the Biostudy rules 2017 made under the DRAP Act 2012 and its relevant clauses of rules 'bid'", would request to kindly explain that which types clinical trial and procedure you adopted to evaluate in compliance of the said rules and reject our quoted US-FDA Suture.</p> <p>Kindly review the decision of rejection and consider Demetech suture as Responsive to be used in your prestigious institute as previous.</p> <p>Further, we have right to appeal in PPRa against the Technical Evaluation Report.</p>		
<p>Grievance Submitted By M/S Akram Brothers And CO. Diary NO.2397 Dated By 27.2.2025</p> <p>M/s Akram Brothers & Co. are the sole distributor of WEGO SUTURES in Pakistan WEGO Sutures is one of the biggest quality sutures suppliers in the world. This company is maintaining all necessities according to the international health standards. All its products are registered in all international health organizations and has all certificates such as ISO, CE 0123,-FDA. etc. (USA FDA Approved Reg No K 080684 and K. 073614) Raw material of WEGO Sutures is being imported from the same source as of Ethicon and B-Braun.</p> <p>The Suture Needles are being used from MANI Japan and FSSB Germany Raw material of Black Silk, Prolene Polypropylene, Polyglycolic Acid, Polyglactin, and Polydioxanone are being used from Pearsalls (UK), Nescio (Japan), Samyang Corporation (Korea), Metabiomed Co. Ltd (Korea) and Alfresa (Japan).</p> <p>All items of WEGO Sutures have been rejected in Technical Meeting of LGH, Lahore by end user Our sutures are being supplied almost in all main Government and Private Hospitals of Pakistan like Holy Family Hospital, Rawalpindi, Benazir Bhutto Hospital, Rawalpindi Punjab Institute of Cardiology, Lahore, Mayo Hospital, Lahore, KPK MCC All hospitals Award letters of these hospitals are attached. We didn't get any technical complain from those institutes and have never been rejected.</p>	<p>TEC Results of M/s Akram Brothers and Co. T.E# 234,235,236,237,238 Non Responsive Rejected by end user (Traumatic needle to tissue, Blunt needle)</p>	<p>No one attended the meeting on behalf of M/s Akram Brother & Co. to explain the grievance. However the matter is evaluated by the Grievance Redressal Committee and it is found that said items are rejected by the end users on various quality parameters, by Surgical units.</p> <p>After due deliberation and discussion, committee decided to UPHOLD the decision of Technical Evaluation Committee.</p> <p>Hence the grievance is REJECTED.</p>

<p>technically WEGO Sutures are being supplied in Pakistan at lowest rates with good quality so that maximum needy patients can be obliged.</p> <p>It is requested please reassess the WEGO Sutures. We would be very thankful for your kind attention in this regard.</p>		
<p>1. Grievance Submitted By M/S Eastern Medical Care Bearing Diary NO.2487 Dated By 1.3.2025</p> <p>S.NO. 228 ~ 231</p> <p>Reason of Objection</p> <p>1. Quoted brand is not same as on Free Sale Certificate 2) Rejected by End User: (Thin, Tear during Wear. Rupture, limited elongation resulting in fatigue in palm due to poor elasticity).</p> <p>Clarification</p> <p>Our quoted brand is world leading brand from Malaysia, registered from DRAP under registration no. MIDIR-0004918 and is also CE /ISO certificate hence meeting all International standards. (Copies Enclosed)</p> <p>Please note that the quoted brand name is "ASAP" which is clearly indicated in our quoted offer, sample submitted DRAP, registration and FSC.</p> <p>Further our brand is currently being in use in many other teaching institutions (PKLI Lahore, NH, HMC PSH without any complain / problem along in the other leading Institutions from last 3-4 years. (References enclosed).</p> <p>Quality Assurance Certificate by Plant (COA)/DTL Reports</p> <p>We therefore request you for the re-evaluation of samples for the healthy and fair competition and declare us responsive.</p>	<p>TEC Results</p> <p>quoted products of M/S Eastern are non responsive at T.E #228,229,230,231 as difference in quoted brand name in FSC and rejected by enduser).</p>	<p>Mr. Abdus Salam (Regional Sales Manager) attended the meeting on behalf of M/S Eastern Medical Care to describe the grievance for their quoted items at T.E 228,229 & 230,231.</p> <p>The GRC scrutinized these issues and items were re-evaluated and were found satisfactory. Other issue is also of minor nature as brand is mentioned on free sale against same manufacturer.</p> <p>After due deliberation and discussion, committee decided to declare the bid of M/S Eastern Medical Care as RESPONSIVE for items at T.E 228,229,230 & 231.</p> <p>Hence the grievance is ACCEPTED.</p>

Pakistan Embassy attested valid Free Sale Certificate indicating that the quote product (Medical Devices) bearing the brand name of the product in the country of manufacture. The original brand names may also be verified from the website of Malaysian medical device registration department. The firm is requesting for intervention in this matter for the healthy and fair competition.

Grievance Submitted By M/S ALLMED SOLUTIONS Bearing Diary NO.1259 Dated By 3.3.2025

We Allmed Solutions, bearer of Drug License (DHSSKOK(Drug) 1994) & Import License No. 1110002%, have some grievance, details as under,

Sr.	Tender item	Technical remarks	Grievance
227	CVP Line Adult	Amecath Non-Responsive Rejected by End User	Amecath is an international brand which material is of good quality, it is also verified by 1320 10 issue us a registration. Based on this, we are prequalified by DG Health Punjab (Copy has been attached) so it is requested to re-assess our CV line.
295	Suprapubic Catheter Set	Amecath Non Responsive Non registered	We are alone in this tender and last year here responsive Mary customers throughout Pakistan are using Amecath Suprapubic catheter, therefore please re-assess it
278	PCN SEL All Size	M/s Gulfam Brothers Responsive with Brand Bioteq Corporation Taiwan	Manufacturer of Bioteq is in Taiwan, but their FSC is attested from Hong Kong and not notarized from embassy of Pakistan and manufacturer site. These are different

TEC Results M/s Allmed Solutions

T.E.#227
Non Responsive Rejected by end user (needle syringe attachment loose causing leakage, Guide wire not smooth through needle)

M/s Allmed Solutions T.E.# 295
Non Responsive Rejected By end user (Flow in sheath is not good)

M/s Gulfam Brothers T.E.#278
Responsive

Mr. Kamran (Zonal Sales Manager) attended the meeting on behalf of M/S ALLMED SOLUTIONS to explain the grievance about their quoted items at T.E 227 & 295 and against M/S Gulfam Brothers for their item at TE 278. The mater was scrutinized and is found that item at TE 278 quoted by MS Gulfam Brothers is registered by Drugs Regulatory Authority of Pakistan on the basis of same free sale certificate as per clause 15 (Procedure for grant of certificates for enlistment or registration of medical device) sub clause 2. Their item at TE 295 was re-evaluated and was found satisfactory. However the item at 227 is being used in critically ill patients and end user is not satisfied with its flow in comparison. After due deliberation and discussion, committee unanimously decided to UPHOLD the decision of Technical Evaluation Committee for M/S Gulfam Brothers and for their quoted item at TE 227. However it is also decided to declare the bid of M/S Allmed Solutions as RESPONSIVE for the quoted item at T.E 295.
